Major’s Cove - A great neighborhood with water views, tennis and pond access! An expanded Cape, traditional in style, with three guest bedrooms and a first floor primary bedroom with en-suite bath, laundry and lots of closets. With over 3,000 sf of living space, there are lots of additional rooms, both formal and informal on two floors. A large sunny deck spans the water side of the home and an oversize garage stores an island car or bikes and toys. This private and peaceful property not only has views of a small fresh water pond, Majors Cove and Sengekontacket Pond but the privacy and natural beauty of the site are further enhanced by hundreds of acres of adjacent Felix Neck Wildlife Trust land.
